

Mammoth Lakes Tourism Business Improvement District

In a town of 8,000 full-time residents, tax dollars only go so far to build and maintain the infrastructure and amenities needed to accommodate the 40,000 visitors, who are staying in Mammoth Lakes on any given weekend in peak season. The funds generated by the 1.5% tourism assessment are used to enhance the guest experience and attract visitors in off-peak seasons. Increased visitation sustains a healthy economy in Mammoth Lakes, which relies on tourism as its main source of income, and continues to allow the town to improve streets, parks, trails and public safety measures for all to enjoy.

Thank you for visiting Mammoth Lakes. If you have further questions, call 760-934-2712.
